LAST HOLE IN ONE FOR 2010

On December 31st, James Hatcher, a golf member (pictured right), set out to play what he thought was just another Winter round of golf. Little did he know, it was a match with destiny.

He was just happy to be able to get out and enjoy the views of the snow capped peaks of Bear Mountain, feel the blistery wind, and use the cold steel of his old set of clubs on The Highlands Course.

This was already a special day because he was playing with his son, James Hatcher Jr., and his son-in-law, A.J. Black. It was a typical round of golf until he came to the 8th hole. With careful club selection from 145 yards and a highly skilled stroke, the golf gods awarded Mr. Hatcher his first hole-in-one! Mr. Hatcher was in a complete state of bliss for the rest of the round (until he saw his bar bill after...).

There you have it folks - one man, one club, one ball, one stroke... his destiny. Congratulations, Mr. Hatcher! Hole in One on #8 from 145 yards. What a way to finish out the decade!

THE BOAT HOUSE

Rental and Lesson Information 770.887.7966 | marina@lakearrowheadga.com

TAKE A LOVE BOAT TRIP TO THE ISLANDS The winter months are the best time to take a trip to the warm British Virgin Islands with your loved ones. These islands are located in the warm Caribbean Sea (about 2000 miles South of us, or 5 hours by airplane). This is a sailing (and motoring) boat paradise because of the protected and clear waters that are located in this area. You are never out of sight of land. The anchorages are protected from ocean swells by the islands. The island economy thrives on tourism, it is their National business. So you are assured a great time by the local citizens.

What would it cost to take a week-long trip (a vacation of a lifetime). It really depends on how many people, how much privacy, and how much you want to do. It is possible to take a trip for around \$150/person/day plus airfare and food. This would put two people in a cabin and have 6 people on a 40 foot boat for a week. Everyone would share in some of the daily chores and ship duties. The rates would go up if you wanted the privacy of your own cabin or wanted to hire a cook or to get a bigger boat (like a catamaran).

The beauty of chartering your own boat is that you get to pick the itinerary. If you want to island hop and just eat and shop, you can do that. If you want to find gorgeous anchorages to explore and snorkel, you can do that. If you want to learn to sail so that next time you can be your own captain, you can do that. Or you can do any combination of the above. Think of the TV Love Boat, except you are the cruise director. Planning the trip with friends and/or family is really great fun!

KYSC, located at the Lake Arrowhead Boat House, is a broker for the best charter companies in the world, The Moorings, SunSail, and Footloose Fleets. This combined fleet has over 1300 boats and is located at over 35 bases throughout the world. It allows us to put a great trip together for you at an affordable fee.

Also, just during the winter months, KYSC teaches the American Sailing Association Coastal Navigation (CON 105) course. It is taught in a semi private format (just 2 students) over a two day time period (12 hours) typically on Saturday and Sunday (however, it can be on other days). This is a great Valentine's Day Present for a sailing spouse and their mate.

Please contact the Boat House at 770.887.7966 or marina@lakearrowheadga.com for more information on boating trips or lessons.

BOAT HOUSE HOURS The Boat House does not close over the winter months. As long as the temperature is above 50 and weather is nice, we will be open by appointment. During the winter months, we host many on-shore classes as well as arrange charters. Please continue to think of us for all your boating needs!

PONTOON BOAT RENTAL COUPON BOOK Three two-hour coupons for pontoon boat rentals. Purchase three coupons for the price of two. This special discount gives you six rental hours for the price of four. You may use your rental time in increments as small as two hours and stretch the time out over the course of one year.
